I'm a **French** woman who does cosplay since the **end of 2014**. I love **sewing work, armor/props craft** and **bodypaint**. I can easily embody from the sweet princess to the fierce warrior through the big bad evil villain. Constantly learning new things and making beautiful encounters are the things I love the most in cosplay. I try to be as active as possible on the cosplay scene and I'm always ready to discover new conventions and animations ! That's why I travel a lot (mainly in Europe).

WHAT ADVANTAGES FOR YOUR EVENT?

Increased visibility

Cosplayers come with a community that follows and encourages them. Cosplay fans are always happy to meet the cosplayer they appreciate and support. Thanks to the ads on the different platforms on which I'm present, I can give more visibility to your event to my audience.

Animations

- I can offer various animations such as
- Holding a stand, meet & greet, take photos with visitors
 - Conferences/masterclass on a cosplay topic (beginner or advanced level)
 - Demonstrations (makeup, craft, etc.)
 - Cosplay contest judge (with kindness and pedagogy)

A visual impact

The colorful and lively cosplayer stands allow to exhibit their creations and photos. This attracts the visitor's eye and encourages them to take an interest in the content. The dialogue is then easily established, all in a good mood and spirit of sharing.
